

# List of publications A.V. Kudinov

## 1 Published in 2013

1. A. Kudinov. D-logic of product of rational numbers. Proceedings IITP, pp. 95-99
2. A. Kudinov. Derivational modal logic of real line with difference modality. Proceedings of Topology, Algebra and Categories in Logic (TACL 2013), Vanderbilt, 2013, pp. 135-138.
3. Ph. Balbiani, H. van Ditmarsch, A. Kudinov. Subset space logic with arbitrary announcements. Proceedings of 5th Indian Conference on Logic and its Applications (ICLA 2013) pp. 233-244.

## 2 Published in 2012

1. A. Kudinov, I. Shapirovsky, V. Shehtman. On modal logics of Hamming spaces. Advances in Modal Logic, Volume 9, 2012, pp. 386-394
2. A. Kudinov. Modal logic of some products of neighbourhood frames. Advances in Modal Logic, Volume 9, 2012, pp. 395-410

## 3 Published in 2011

1. Ilya Shapirovsky and Andrey Kudinov. Finite model property of pretransitive analogs of S5. Topology, Algebra and Categories in Logic (TACL 2011), Marseille, 2011, conference proceedings, pp. 261-264

## 4 Published in 2010

1. Philippe Balbiani and Andrey Kudinov. A topological interpretation of public announcement logic. Advances in Modal Logic 2010, Extended Abstracts, Moscow, pp 6-11

## 5 Published in 2008

1. A. Kudinov, Topological modal logic of  $\mathbb{R}$  with inequality, Russian Mathematical Surveys, 2008, 63:1, 163–165 [Math-Net.Ru](#) [MathSciNet](#) [ZentralMATH](#) [crossref](#) [ISI Web of Knowledge](#).
