

List of publications I.M. Mitricheva

1 Published in 2012

1. Mitricheva, I.M., On the chromatic number for a set of metric spaces. Mathematical Notes, Volume 91, Issue 3-4, pp 399–408 [Math-Net.Ru](#) [MathSciNet](#) [crossref](#) [ISI Web of Knowledge](#).

2 Published in 2009

1. Gorskaya E.S., Mitricheva I.M., Protasov V.Yu., Raigorodskii A.M., Estimation of the chromatic numbers of Euclidean space by convex minimization methods. (Russian. Russian summary) Mat. Sb. 200 (2009), no. 6, 3–22 [Math-Net.Ru](#) [MathSciNet](#) [crossref](#) [ISI Web of Knowledge](#).

3 Published in 2008

1. Raigorodskii A.M., Shitova I.M., On the chromatic number of Euclidean space and the Borsuk problem. (Russian) Mat. Zametki 83 (2008), no. 4, 636–639 [Math-Net.Ru](#) [MathSciNet](#) [ZentralMATH](#) [crossref](#) [ISI Web of Knowledge](#).
2. Raigorodskii A.M., Shitova I.M., On the chromatic numbers of real and rational spaces with real or rational forbidden distances. (Russian) Mat. Sb. 199 (2008), no. 4, 107–142 [Math-Net.Ru](#) [MathSciNet](#) [ZentralMATH](#) [crossref](#) [ISI Web of Knowledge](#).

4 Published in 2007

1. Shitova I.M., On the chromatic number of a space with several forbidden distances. (Russian) Dokl. Akad. Nauk 413 (2007), no. 2, 178–180 [MathSciNet](#) [ISI Web of Knowledge](#).
2. Shitova I.M., On the chromatic numbers of metric spaces with few forbidden distances. 6th Czech-Slovak International Symposium on Combinatorics, Graph Theory, Algorithms and Applications, 259–264 [MathSciNet](#).
